SUBJECT:

Papers given to you Saturday re TRIFA

Attached is a copy of telegram received by our bishop re TRIFA. Out of curiosity, I went down to Registry and checked on subject. They have acads of info on him - seems he was Adjutant and right-hand man of the Rumanian Iron Guard, HORIA SIMA - the latter now in hiding. During WW II, the Iron Guard, under TRIFA's leadership, paraded thru the streets of Bucharest, hailing Hitler and Mussolini. They then set fire to section in Bucharest which was inhabited almost exclusively by Jews and looted same. Don't know if this is of any value - but that's it.

I would like to have the papers back tomorrow as I have to get them back to Dad by Thursday.
